

**FRANKLINVILLE CENTRAL  
SCHOOL DISTRICT**

**District Emergency Management Plan**

Donald Putnam, Superintendent of Schools

Effective Date: July 2, 2024

## 1.0 INTRODUCTION

Every school district has an ethical responsibility to provide a safe school environment and to promote the safety of all individuals connected with the school. One key aspect of these responsibilities is the preparation of detailed plans for action in the event of natural and/or manmade disasters or emergencies that may occur on school grounds or within the surrounding community.

### 1.1 PURPOSE

The purpose of the emergency management plan, hereinafter referred to as EMP is to provide all stakeholders with safety planning emergency preparedness and response guidelines, vital information, communication procedures, and standardized measures to protect all members of the school community, including students, staff, and visitors in the event of an emergency.

The standardized EMP has been prepared for all Franklinville Central School District buildings, (hereafter referred to as “District”) facilities to provide the framework for a coordinated approach to preparedness, response, and recovery procedures. The EMP also serves as a model for all District centers providing the guidelines to be modified to the specific needs and resources unique to each building.

The EMP has been developed in coordination with local authorities and emergency responders, providing a common platform which will be referenced in a collaborative response in the event of an emergency. The development of the EMP included a systematic investigation and analysis of potential hazards which could affect schools throughout the District, an assessment of the capabilities in the District, Franklinville Central School, along with Cattaraugus County to deal with potential problems resulting from an Emergency or Disaster.

The EMP describes in detail the centralized direction of requests for assistance and the understanding that the governmental jurisdiction most affected by an Emergency is required to involve itself prior to requesting assistance. Accordingly, each building will prepare separate plans and operating procedures, which form part of the overall Franklinville Central School District EMP.
