

## **Instructions for Family ID online sports paperwork**

This year, we will be using the program “Family ID” to complete all of our sports paperwork online. This can be completed by opening the school website at [tbafcs.org](http://tbafcs.org) and clicking the [Register Now](#) button under the heading New Online Athletic Paperwork Registration. You will be asked to register by creating an account and password. Once this is done, you will be able to enter your and your child’s information to register for his or her sport. All contracts and agreements are signed electronically and once completed, the school nurse will review all athletes to begin play. You will need the date of their last physical to continue. If you have any questions or do not have access to get online to complete the forms, please call 676-8014 for assistance. Thank you for your patience with this new program. Mark Blecha A.D.
